Rules for Inscriptions

In order to take part to the 2012 EU Championship, a formal inscription must be made. This is to ensure that the organizers know from the start what teams are committed to the championship. No late entries will be accepted. A one-off small fee of 50 EU per team must be paid. The amount, which is independent from the racing fee due for each race, which must be paid as usual to the organizers of each race, covers the inscription to the European championship and gives right to the special limited edition commemorative cars, and the championship DVDs.

In principle, it would have been better to receive all donations, and forward them to the charity of our choice. However, due to legal issues, this is not possible. The inscription fees then should go directly to a non profit organization, supporting a specific person in need, which we are determined to help as much as possible.

Points for the Championship will only be given to the inscribed teams, based on a separated ranking, comprising the inscribed teams only.

The process comprises three steps:

1. fill and complete the inscription form, which can be downloaded from our site and is attached to this email. Please write all details, as it is very important for us to have reliable contacts.
2. make your donation to 'Terzo Tempo con Lorenzo' and feel free to give more than the 50EU minimum :)
 1. by bank transfer from Italy: IBAN IT10A0538765310000001948752
 2. by bank transfer from abroad: SWIFT bpmoit22xxx
 3. by Paypal: Mirko Loreni: toroitalo@gmail.com
3. send form and proof of payment to: CE24h@slot.it

All inscriptions must be completed and paid before April 30th, 2012.

Terzo Tempo, a non profit organization helping Lorenzo Fallini

Lorenzo Fallini is 37 years old friend, father of Emma (3 yrs) and Pietro, (6), married to Daria. His life long passions are rugby, and slot cars. He is an accomplished slot racing champion, having won the Italian Championship twice as well as the 24 hrs of Germignaga. A quiet, honest and gentle friend and devoted husband and father.

In March 2010 he suffered a spinal cord injury during a rugby game, which left him tetraplegic, dependent from external mechanical ventilation. He is very determined, and cared for by his family.

'Terzo Tempo' is a non profit organization whose purpose is to support and help, morally and economically, Lorenzo Fallini and his family, through personal, voluntary, and free activity of its members.

Mirko Loreni, Vanessa Aimi, James Kinahan, Alessandra Mazza, Antonio Lupi, Elena Fratta are the steering committee. Since 2011, Lorenzo is able to compete again with slot cars, through a special mouth-actuated controller, despite his conditions. Alex Zanardi defined Lorenzo 'a giant'.

“Nothing is forbidden to those who think big”

Georges Coste, former rugby trainer of the Italian National Team
