## Races

The racing calendar is as follows:

Race 1, Igualada, Spain, 3-5 May 2013

Race 2, Germignaga , Italy, 21-23 June 2013

Race 3, Bruxelles, Belgium, 15-17 November 2013

## Car Specifications

The Technical Rules issued by Slot it at the latest revision available before each race shall apply to define the eligible Cars and their technical characteristics.

## Rules for Inscriptions

In order to take part to the 2013 EU Championship, a formal inscription must be made. This is to ensure that the organizers know from the start what teams are committed to the championship. No late entries will be accepted. A one-off small fee of 70 EU (+ commission fee) per team must be paid. The amount covers the inscription to the European championship and gives right to the special limited edition commemorative cars, and the championship DVDs. Team inscription to each race must be paid as usual to the organizers of each race.

In principle, it would have been better to receive all donations, and forward them to the charity of our choice. However, due to legal issues, this is not possible. The inscription fees then must go directly to a non profit organization, supporting a specific person in need, a former slot car racer, that we are determined to help as much as possible.

Points for the Championship will only be given to the inscribed teams, based on separate standings comprising the inscribed teams only.

All inscriptions must be completed and paid before April 16th 2013 exclusively through Eventbrite

## **Terzo Tempo, a non profit organization helping Lorenzo Fallini**

Lorenzo Fallini is 39 years old friend, father of Emma (4 yrs) and Pietro, (7), married to Daria. His life long passions are rugby, and slot cars. He is an accomplished slot racing champion, having won the Italian Championship twice as well as the 24 hrs of Germignaga. A quiet, honest and gentle friend and devoted husband and father.

In March 2010 he suffered a spinal cord injury during a rugby game, which left him tetraplegic, dependent from external mechanical ventilation. He is very determined, and is cared for by his family.

'Terzo Tempo' is a non profit organization whose purpose is to support and help, morally and economically, Lorenzo Fallini and his family, through personal, voluntary, and free activity of its members.

Mirko Loreni, Vanessa Aimi, James Kinahan, Alessandra Mazza, Antonio Lupi, Elena Fratta are the steering committee. Since 2011, Lorenzo is able to compete again with slot cars, through a special mouth-actuated controller, despite his conditions. Alex Zanardi defined Lorenzo 'a giant'.

*“Nothing is forbidden to those who think big”*

*Georges Coste, former rugby trainer of the Italian National Team*
