

Product code: CS22t-60b

Description: LMP chassis AW compatible EVO6 (rev. 3)

New product / replacement: Replaces CS22t-60

Difference from replaced item: Improved pickup zone (larger cable clearance)

- Spare chassis for Lola LMP models.
- Improved pickup zone to make easier the connection with cables:
 - Less risk of contact between body and cables.
 - Cables help to straighten pickup after corners.
